MAKE A REAL IMPACT

People will talk about their trip for a long time! Individuals are faced with physical and mental challenges. The group is more “together” than ever before as they cooperate to successfully conquer the custom designed experiences. Everyone is amazed by what they can really do.

For three decades North American River Runners, Inc. (NARR) has organized professional and predictable corporate trips that are thrilling beyond your expectations. We are the adventure industry leader in teambuilding with programs designed to enhance...

~ **Client Relationship Building**

~ **Workgroup Teambuilding**

~ **Employee Morale Building**

NARR combines experiential learning exercises with whitewater rafting to provide a creative and exciting teambuilding program. You'll smell the fresh mountain air, experience Appalachian hospitality, and feel a sense of real adventure.

Our programs transform your group from their daily work roles into a crew of paddlers working together to navigate one of the nation's wildest, most scenic rivers.

Treat yourself, your clients and staff to a teambuilding adventure at NARR.

STRONG RELATIONSHIPS ARE GOOD BUSINESS

Shared experiences outside the workplace excite and energize teams. Build closer relationships with clients and coworkers by sharing an adventure trip on America's best whitewater.

Whitewater rafting is an excellent way to build and strengthen relationships. The emphasis is on fun and the result is a great spirit of camaraderie.

UNLEASH CREATIVE THINKING AT WORK

Using tools that range from rubber rafts to rubber chickens, teambuilding activities break down barriers between people by emphasizing group thought and strategy. Both mental and physical participation are required to produce immediate solutions to tangible problems. NARR facilitators lead discussions of the team's experiences to help individuals understand what took place and apply that learning to the workplace.

BUILDING A TEAM

NARR's teambuilding programs are designed to get your group out of their work setting and into a new frame of mind. The resulting change in thinking opens a new team dynamic.

Our corporate specialists help you pinpoint specific teambuilding goals and develop a custom teambuilding adventure to meet those needs. Issues such as employee dynamics, communication, organizational change and conflict resolution can be addressed in an alternative adventure setting.

NARR facilitators adjust activity roles as needed to keep everyone on the team 100% involved.

Can't get your team to us?

Let us bring our mobile teambuilding program to you. We have training options suitable for a variety of sites.

Try NARR's exciting approach to bringing "out of the box" ideas into your company.

THE VALUE OF ONE

On the paintball field, every person is a valuable part of the team. Men and women compete equally. Age is irrelevant. Physical size and strength take second chair to intelligence and determination. Paintball is an exciting sport that provides you and your employees a refreshing way to get acquainted with each other and your families.

By sharing enjoyment of the outdoors and activities like paintball, our climbing wall and orienteering challenges, your corporate team feels like family.

BUILT-IN FLEXIBILITY

Seamless delivery of services is a hallmark of our company. From corporate specialists who help you design a trip based on the needs of your group – to dedicated group liaisons that assist while your group is on site – we insure that the only surprises during your stay are happy ones.

The NARR resort is versatile and equipped to handle all group needs including...

- ~ Accommodations ranging from rustic tent camping with evening bonfires to 4-star resort hotels
- ~ Fully appointed bathhouses
- ~ On-site restaurant and catering
- ~ Shuttle service from airports and hotels

NARR is one of the most respected outfitters in West Virginia with an exceptional professional record. Outdoor adventures, by their very nature, have certain inherent risks. At North American River Runners, we minimize those risks through a comprehensive program that includes proper equipment, thorough training, good supervision, and time tested policies and procedures that focus on the safety of our guests.

NATURAL BEAUTY

The New River Gorge is surrounded by national and state parks which preserve its rugged beauty. The natural forest and mountains, along with America's best whitewater rivers, provide a setting where activities can challenge individuals and – at the same time – inspire cooperation. The New and Gauley Rivers are world renown for quality whitewater for rafters of all skill levels.

The gorge walls are dotted with historic mining towns, railroad lore and colorful tales of the past. Nearby towns of Fayetteville and Summersville offer shopping and antiques, local restaurants, theater and festivals.

Easy to drive to, North American River Runners is located on Highway 60 (Midland Trail Scenic Byway) a quarter mile west of U.S. Route 19.
