MAKE A REAL IMPACT

Everyone will talk about this trip for a long time! The group will be more “together” than ever before as they conquer the custom designed experiences provided by North American River Runners (NARR).

Since 1975 NARR has organized professional and predictable adventure experiences for schools and youth organizations. We are an industry leader in providing thrilling teambuilding programs that enhance...

- ~ **Group motivation**
- ~ **Teamwork**
- ~ **Group cohesion**

NARR combines experiential learning theory with an adventure atmosphere to create exciting teambuilding programs.

Seamless delivery of services is a hallmark of all NARR programs. From youth trip specialists who help design adventures to meet your needs to dedicated liaisons to assist while onsite, we work to insure that the only surprises on your trip are happy ones.

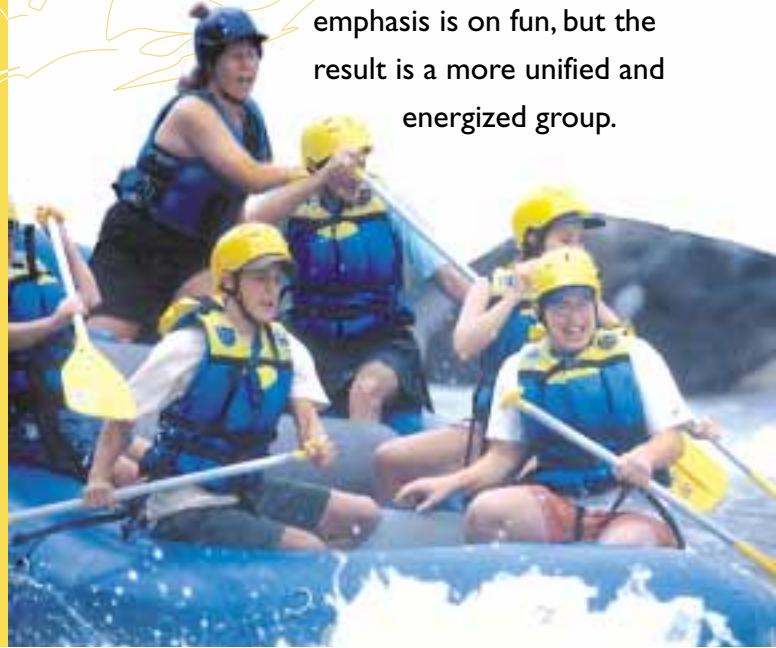

You'll smell the fresh mountain air, experience Appalachian hospitality, and feel a sense of real adventure. Treat your students, volunteers, staff and yourself to an adventure this year.

EDUCATIONAL FUN

Shared experiences outside the normal routine are what NARR is all about. Step away from the everyday by sharing an adventure and a new experience with your group in one of America's most wonderful natural playgrounds.

Outdoor adventures are an excellent way to open new relationships between students and break down established social walls. The emphasis is on fun, but the result is a more unified and energized group.

**I hear and I forget,
I see and I remember,
I do and I understand.**
~ Confucius

CUSTOM PROGRAMS

Your team is not like any other. So why should your adventure be any different? NARR customizes experiences to fit your group's needs and goals. Our experienced representatives will help you develop a set of goals and then an adventure to match.

All of our programs are designed to give participants new and exciting experiences outside the classroom – way outside!

The forests, mountains, and America's best whitewater provide a setting where activities can challenge individuals while inspiring cooperation. All activities may be adjusted to ensure 100% participation from your group.

UNIQUE ADVENTURE EXPERIENCES

Custom designed challenge course programs, using both low and high elements provide an opportunity for students and teachers alike to challenge themselves, in a team and as individuals. Solve group challenges and climb cables all in the same day. A series of obstacles on the ground challenge groups by providing problems to solve, or challenges to cross, while working

together and keeping the team intact. Above in the trees, NARR's high challenge course, with its cables and ropes, traverses 20 to 40 feet in the air. Step outside your comfort zone and into a whole new world of experience.

GREAT FACILITIES FOR GROUPS

The versatile NARR base camp is equipped to handle all group needs. We have full basketball and sand volleyball courts, where children can play after the days' adventure activities are over. We also have a climbing wall and "giant swing" that can be included as part of the trip itinerary.

NARR offers a variety of lodging options that range from tent camping to cabin tents and bunkhouses. Our bunkhouse is designed for large groups and sleeps up to 50 people. Each cabin tent sleeps up to six people.

Reasonably priced meal plans provide freshly prepared food during your stay and reduce your trip planning and preparation time. The restroom and shower facilities at our base camp are the best in the business.

NARR is one of the most respected outfitters in West Virginia with an exceptional professional record. By their very nature outdoor adventures have a certain inherent risk. At North American we work to minimize those risks through a comprehensive program that includes proper equipment, thorough training, professional supervision, and time tested policies and procedures that focus on our guests' experience.

STUDENT FELLOWSHIP

Students interact with each other in exciting ways while sharing activities like whitewater rafting, challenge courses, camping, paintball, climbing, basketball, volleyball, or relaxing around a campfire.

Our programs exercise the student's body and mind while they are being challenged to see common things in new ways. During their adventure, students become more confident in their own abilities and learn to trust their team.

NATURAL BEAUTY

The New River Gorge is surrounded by national and state parks which preserve its rugged beauty. Its walls are dotted with historic mining towns, railroad lore and colorful tales of the past. Within 20 miles visit:

- ~ **New River Gorge National River Recreation Area**
- ~ **Gauley River National Recreation Area**
- ~ **Babcock State Park**
- ~ **Hawks Nest State Park**
- ~ **Carnifex Ferry Battlefield State Park**
- ~ **Monongahela National Forest**
- ~ **Summersville-Muddlety Bicycle-Walking Trail**

Easy to drive to, North American River Runners is located on Highway 60 (Midland Trail Scenic Byway) a quarter mile west of U.S. Route 19.
