

## **NARR PRODUCES AWARD-WINNING CALENDAR**

The 2007 NARR Calendar was announced the winner of the Special Advertising Category of the 2006 Partners in Progress Awards at the Governor's Conference on Tourism held in November at the Marriott Hotel in Charleston.

Beautiful scenic photography and information about whitewater make the NARR calendar a special keepsake for guests and NARRtians alike.

The West Virginia Division of Tourism created the Partners in Progress Awards for companies that participate in their Matching Advertising Grant Program. The two-fold purpose is to recognize members of the tourism industry for excellence and creativity in advertising and marketing; and, to inspire the continued development of imaginative and exciting direct advertising by showcasing outstanding work at the annual conference.
